Highlights

Unique brewing system

Unique SENSEO® coffee brewing system from Philips and Douwe Egberts. Every cup is freshly brewed and prepared with the ultimate balance between coffee and water - a guarantee for a smooth, full taste and delicious aroma.

Two cups in less than a minute

With the SENSEO® coffeemaker you can have your perfect cup of delicious, freshly brewed coffee in approximately 30 seconds and two cups in less than a minute.

Delicious coffee foam layer

The fine Douwe Egberts SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and quality.

Adjustable spout

By raising or lowering the spout you can adjust your SENSEO® coffee machine to the size of your favorite cup or mug.

Extra-large water reservoir

The removable extra-large water reservoir of the coffeemaker has the capacity to accommodate 8 cups of coffee and therefore minimizes coffee preparation time.

Large coffee pod variety

With more than 250 years of experience, Douwe Egberts knows exactly how to roast and grind carefully selected coffee beans for the best taste. Therefore Douwe Egberts SENSEO® coffee pod varieties represent the finest coffee selection as a guarantee for premium taste. The different blends and flavors ensure a wide range of choice for different moments and tastes.
